Knowledge Translation for Employment Research

## Advancing Employment Research Through Knowledge Translation

### Who We Are

The Center on Knowledge Translation for Employment Research (KTER Center) connects disability employment research to the people and organizations who need it most. We make NIDILRR employment grantees' research accessible, actionable, and impactful—helping drive better employment outcomes for people with disabilities.

### What We Do

- Identify research and KT needs through interviews and literature reviews
- Develop employment resources with input from end users and experts
- Provide training & technical assistance to NIDILRR employment grantees
- Disseminate employment related resources
- Build partnerships between NIDILRR employment grantees and others

### Who We Serve

- People with disabilities and family members
- Direct support professionals
- Vocational rehabilitation (VR) professionals
- Business and industry representatives
- Researchers & policymakers
- Employment service providers

### Featured Resources

- KTER.org
- InfoBriefs
- Webcasts
- Workshops
- e-Newsletters
